

BRIDGE CENTER FACILITY HIGHLIGHTS

Community engagement is crucial to the Bridge Center for Hope. As a result, the Bridge Center serves as a resource provider for a variety of parish-wide community-based events. If you would like the Bridge Center to speak at your next community event or function as a resource vendor, please visit our website at brbridge.org and fill out the contact information section.

In March, the facility received 237 guest presentations, with 220 admitted. There were 182 unique guests, with a monthly readmission rate of 18%.
(If served within 30 days of discharge, guests are considered readmitted.)

There have been 5,963 guest presentations since the facility's opening, with 5,681 admissions.

Below is a comparison of admissions by month and year.

March Demographics

In March, 184 residents from East Baton Rouge Parish were treated, while 36 were from outside the parish. Since the facility's opening, a total of 4,799 East Baton Rouge Parish residents and 688 out-of-parish people have received services.

The Bridge Center accepts all forms of payment. In March, 77% of guests were Medicaid insured, 13% received parish funding through the Bridge Center, and Medicare and private insurers covered 10%.

(Parish funding only applies to residents of East Baton Rouge Parish.)

In March, 80% of the guests were male, and 20% were female. Additionally, 67% are black, 30% are white, and 3% were reported as other.

Direct access (walk-ins) continues to be the most frequent method of admission for guests. In March, 178 accounted for direct entry, and 42 were escorted by first responders. The average response time for first responders continues to remain under 5 minutes at 2.72 minutes.

The graphic below shows the top three stats of first responders escorted by the department.

Area Demographics

The map represents the top zip codes served for March 2023 in East Baton Rouge Parish.

MONTHLY REPORT

In March, 155 guests (70% of the total) sought mental health care, while 58 guests (26% of the total) were treated for drug use. Thirty-nine percent of guests seeking treatment are dual diagnosis. The pie chart depicts the overall percentage of mental health and drug use services received in 2023.

Substance Use
27.2%

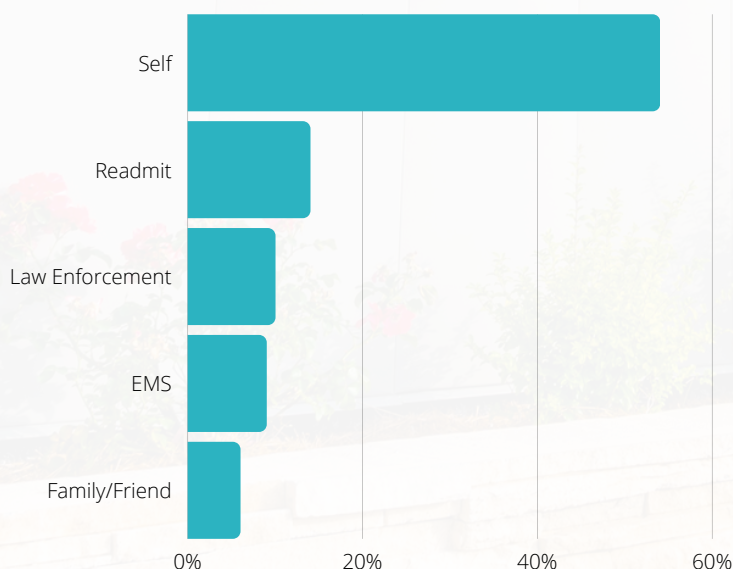

Mental Health
72.8%

In March, the top three (4) substances treated were alcohol (36%), cocaine (26%), opioids (17%), and stimulants (14%). The chart below depicts treatment by substance type and the treatment obtained for substance use during 2023.

Due to Bridge Center's no-wrong-door policy, everyone over the age of 18 is welcome to seek assistance, regardless of entrance type. The top March admittance sources are listed below.
